with 100% hot water.

**WEED CONTROL
WITH 100%
HOT WATER**

**> Best value
for money**

**> Environmentally
friendly and
sustainable**

**> Suitable for
all surfaces**

WAVE WEED CONTROL

All things considered the best in weed control.

WAVE offers the best value

The WAVE machines have been developed for weed control in the open air. Through the use of hot water in combination with low expulsion pressure, WAVE is suited to all paved and semi-permeable

Benefits of the WAVE Mid Series 22/8

- Extremely accurate and constant temperature control (around 98°C)
- Can also be used for high-pressure cleaning (e.g. walls, benches and structures)
- Durable and weather-proof
- Weeds stay away longer and are suppressed over the longer term as the plant becomes exhausted
- No foam additive needed (cost-cutting)
- No inconvenience, damage or fire hazard
- Ergonomic, light-weight hand-held lance and hose
- Standard water mains connection
- Anti-scale pump to prevent limescale deposits
- Easy to load and off-load with a forklift truck
- Built-in energy supply (no external generator needed)
- Use of surface water possible

Standard specifications

- Capacity: 22 ha per season
- 1,250-2,500 m² per day
- 8 litres per minute
- Drive/heating: Petrol/diesel
- Working pressure weed control: 0-2 bar
- Working pressure for cleaning: Variably adjustable to 50 bar maximum
- Water temperature: approx 98°C at the lance
- Burner: 1 (diesel)
- Electric start
- Burner tank capacity: 31 litres
- Water tank capacity: Optional
- Temperature control: Electronic
- Colour: RAL 5010 (base) and RAL 9006 (hood)
- Hose: 1 x 15 metres
- Hand-held lance: 16 cm hot water weeder
- Dimensions (l x w x h): 1050 x 800 x 1035 mm
- Noise reduction: Silent Edition (silencer and extra insulation)
- Weight: 310 kg

Options

- Reel: 100° Celsius stainless steel reel
- Surface water pump: Wacker PG2 pump incl special filter, 5-metre suction hose with float
- Mobility: Mounted on any vehicle
- Water tank: Various options, e.g. 500 litres, l x w x h 840 x 700 x 1060 mm
- Hose extension: Up to 45 metres maximum
- Hand-held lances 16 cm and 20 cm hot water weeder with or without wheels
- Cleaning lance
